AN EXPLORATION & CELEBRATION OF SPIRIT
WITH
SWAMI GYANKIRTI

DHARMA MOUNTAIN MEDITATION & FREEDOM RESORT A THREE DAY ACTIVE-PARTICIPATION RESIDENTIAL WORKSHOP

PARTICIPANTS WILL LEARN TO RELAX INTO THE DEPTHS OF THE DEEP PEACE THAT EXISTS AT THE VERY CORE OF BEING, AND TO EXPERIENCE THE ECSTASY THAT COMES WITH ACCEPTANCE OF THE VARIOUS ASPECTS OF OUR NATURE. PROCEDURES WILL LEAD TO RELEASE OF OLD NEGATIVE PATTERNS THAT RESTRICT GROWTH AND HAMPER SELF-EXPRESSION.

"Once you have found the center of your existence you will have found both the roots and the wings.

The roots are in existence, making you a more integrated human being, an individual. And the wings are in the fragrance that is released by being in contact with existence. The fragrance consists of freedom, love, compassion, authenticity, sincerity, a sense of humor, and a tremendous feeling of blissfulness. The roots make you an individual, and the wings give you the freedom to love, to be creative, to share unconditionally the joy that you have found. The roots and wings come together. They are two sides of one experience, and that experience is finding the center of your being."

- Osho – The Osho Upanishad
